

## An Update for Partners of Feed My People

### **FMP Distribution Center Closed** September 27-29, 2023

Feed My People will be updating our inventory system to a new and improved scanner inventory system. In order to complete this process Feed My People's Distribution Center will be closed September 27-29, but the office will remain open and here for you if you need anything.

All normal distribution center operations will be shut down during the dates listed above as we make the switch. Partners who will be affected by this closure have already been notified by email and/or phone.

All partners who receive delivery on October 2, 3, and/or 4 must have their orders submitted by 8:00 am on September 22. All ordering will be disabled at 8:00 am on September 22 and will not reopen until 8:00 am on October 2.

We are very excited about this new system and hope you are too! The new system will improve our distribution center operations as well as reduce errors on your orders. We know there will be a few bumps along the way, so we say THANK YOU in advance for your patience and understanding as we transition to this new system.
