## More FMP Tours Available!

Tours in the month of May were a huge hit! We saw more than 25 people for tours from all over our service area. Here are some of the comments we heard:

**"I never imagined your operation would be this big!"**

**"I can't believe how heavily the food bank relies on volunteers!"**

**"This tour helped me make sense of what happens from start to finish when I order food."**

We want to extend the invite to come for a tour into this summer. Come visit when you might be in the area. Bring your team of volunteers if you would like. Sign up for a tour with Tina's [calendly link](#) or give us a call. A tour will likely take about 30 minutes. We're looking forward to seeing you.

## Jif Peanut Butter Recall

Recently some Jif Peanut Butter has been recalled for Salmonella. We do not have any of this peanut butter in our inventory. However, this peanut butter could be in our miscellaneous food boxes or could have come to you directly from the postal food drive or community donations. If you find this peanut butter at your pantry, please dispose of it.

**Recall Information**

Consumers, restaurants, and retailers should not eat, sell, or serve any recalled Jif brand peanut butter that have lot code numbers 1274425 through 2140425, only if the first seven digits end with 425. This product has a two-year shelf life so consumers should check any Jif peanut butter in their home. Click [here](#) to see more information from the FDA.
