

# AGENCYBLAST

TOGETHER, ENDING HUNGER IS POSSIBLE.

October 4, 2022

## Are Expenses Up?

We have been hearing from you that your expenses are up this year. We know that some of you have built up some financial reserves over the years that are carrying you through this challenging time. However, if you are encountering financial hardship and are worried that you do not have enough money to order the food your guests need, please reach out to us.

## Non-Meat Meal Ideas

We all are experiencing challenges getting the meat that we would like for our distributions. In conversation with the Buffalo County Food Pantry recently, they shared that they have suggested their guests use lentils in place of ground beef for tacos. I was intrigued and tried it with my family - we thought it was delicious!

Do you have any non-meat protein meal or recipe suggestions that you share with your guests? If so, email them to [sarah@fmpfoodbank.org](mailto:sarah@fmpfoodbank.org). I'll share some out in the next Blast and we can all benefit from each other.

## Food Rescue Partner Needed

# KWIK TRIP™

We are excited to announce that a new Kwik Trip is set to open in Altoona, WI October 13. We are looking for someone to begin partnering with this new Kwik Trip this month and come to the ribbon cutting ceremony on October 13. If you are interested in partnering with the new Kwik Trip in Altoona, please fill out the Food Rescue [application](#) and return to [Tina](#). Somethings to keep in

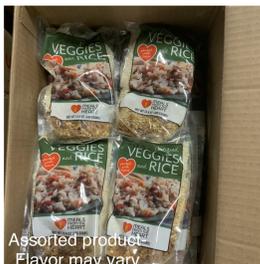

mind when considering partnership are how often you can distribute the food, your current storage capacity, weekly pick up commitment, and if you are less than 30 minutes away from the store.
